

Preamble for the VT Net

Calling the Vermont Net, calling the Vermont Net.

Your net control for this evening is [_____], my name is [_____]. I am located in [_____]. The Vermont Net meets every evening at 7:30 local time on 3.975 Megahertz. We are a semi-directed rag chew net and all properly licensed Amateurs are invited to participate. The purpose of this net is to improve operating practices and promote good fellowship among amateur radio operators. We have a website and the address is “thevermontnet.com” It is an informative site, designed and maintained by N1EKO. Thank you Jim. The net control keeps a list of check ins and then directs the members for the rotation of the net. We have one go round with a look for more stations at the end of the round. This is [_____] looking for any other check ins for the Vermont Net. Your call sign please.
